

ANDRAG AGRICO:

Your reliable supplier of irrigation equipment

With more than 100 years of service to agriculture, **ANDRAG AGRICO** is one of the most experienced suppliers of irrigation equipment.

The company started supplying pipes, sprinklers, pumps and engines in the early 1900's, for farms, gardens and sports fields.

Sprinkler Irrigation

Our range of equipment for agriculture, industry, golf and turf is complemented by imported quality brands, including:

- DOROT control valves
- Flomax pumps
- Irritrol controllers & valves
- Irritrol sprinklers
- NAAN/DAN sprinklers/micro jets
- Nelson pressure regulators
- Nelson sprays for centre pivots

Anjet F75 Filter

Technical advice is part of the service, from surveying, through planning, to successful installation.

ANDRAG AGRICO maintains an optimum balance between in-house manufacture, local purchases and imports. The company has factories in Bellville, Lichtenburg and Nigel and manufactures:

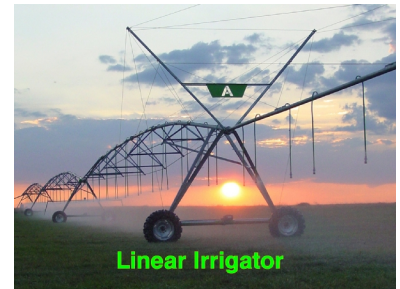

Flomax Footvalves

To complete our range, we support many local manufacturers by distributing:

- Electric motors and cable
- Electric switchgear
- KSB pumps
- Netafim drip irrigation
- Steel pipes
- Franklin submersible motors

ANDRAG AGRICO always designs technically conservative systems:

- We use large pipe diameters to reduce friction and save energy.
- We select non-overloading electric motors, preventing burnout when pumping with an open valve.
- The dimensions of suction and delivery pipes are selected for low flow speeds.
- We galvanise our own centre pivot pipes with a 100 micron Zinc layer versus 65, for a longer life.

Linear Irrigator

Systems designed conservatively, as highlighted above, have higher initial costs but better total lifetime profit, through:

- Electricity savings
- Improved crop yields
- Increased resale value
- Less maintenance and repairs
- Reduced downtime

KSB Pump Float

- Aluminium and steel fittings
- Anjet F50 en F75 disc filters
- Anjet micro jets
- Baseplates for pumps and motors
- Centre pivots & Linear irrigators
- Flomax foot valves, 100 to 500mm
- GAL electric valves
- Hydrant valves
- Perrot & Bauer steel pipes
- PVC & Polythene pipes

Centre Pivot

Poly, PVC and Steel Pipes
